

## **BEACONSFIELD VOLUNTEER RESCUE SQUAD**

The Beaconsfield Volunteer Rescue Squad (BVRS) was created just after the January 1998 ice storm. The Squad's role is to act as a back-up to municipal services during emergency situations such as natural disasters, flooding, evacuations, major incidents or searches for missing persons. The BVRS has also been on duty to provide first aid at sporting events, Heritage week, other municipal events and outreach to schools. The Squad is well equipped with two emergency vehicles and equipment such as chain saws, power generators, pumps, search lights and first aid accessories as bottled oxygen and a defibrillator. The BVRS is currently recruiting men and women of all ages to fill its ranks. Training is provided at regularly held meetings. Application forms can be obtained at City Hall. Information can be obtained by contacting Michael Cloghesy, Director, BVRS, at 514 829 3511 or [michaelcloghesy@hotmail.com](mailto:michaelcloghesy@hotmail.com)
